

LIZ O'BRIEN

New York

TRANSPARENT ATELIER

Bolton Sconce

An oil-rubbed bronze square mount anchors a plumb arm of handsome, shimmering brass. The angular triptych oculus illuminates from a bulb obscured in its base—lighting through panes of sunset-bronze glass, translucent alabaster, and an open aperture lined with brass.

Dimensions

20.5"H x 5"W x 7.625"D
